g. Clinical Experience and Academic Activities in General Surgery

During my specialization I had the opportunity to be trained in a full range of General Surgery.

Among others brought two (2) years at the Breast Unit and Surgical Oncology, twelve (12) months in the Colon Unit, twelve (12) months in Laparoscopic Unit, twelve (12) months in Bariatric and Metabolic Surgery Unit, six (6) months in Upper Digestive Surgery Unit, six (6) months in Liver Surgery Unit - Biliary - Pancreatic six (6) months in Surgical Intensive Care Unit - Trauma and six (6) months in Surgery endocrine glands Unit. As a trainee surgeon assisted and took part actively in every activity, clinical and academic work of A Propaedeutic department of Surgery University of Athens Hippocraton Hospital. The Preoperative and postoperative care of surgical patients was my main concern. From the beginning of my expertise I had remained with pleasure beyond the daily working hours in order to broaden my clinical, surgical and academic knowledge.

My academic orientation is proved by publications possess in prestigious international journals. Meanwhile, in March 2014 in my Surgical Department in Hippocraton Hospital I fulfilled my thesis.

Clear is my constant effort to maintain a high level of scientific competence with daily search of the current literature and regular participation in further training programs.

I participated with great interest in all predefined activities of the clinic, as in the regular monitoring surgeries of patients in interventional and diagnostic operations of

all units of the clinic, the emergency outpatient as well as in advanced courses of the clinic, carried out as part of periodic training and renovation of modern medicine.

At the same time, I attended conferences on current developments in Surgery and actively participate in academic work and research protocols of my clinic.

In Breast Unit where I continue to work, I gained fluency and expertise in Mammotome biopsy technique and RF and targeting with Hook-Wire non-palpable mammographic breast lesions

In addition I ran as a first assistant (chief resident) of A Prpaedeutic Surgical Clinic for four (4) months and whenever I was obliged. This position requires organizational capacity and the performance of multiple tasks and ensuring communication with the other specialties of the hospital.

Finally I attended semesters of Urology from 01/10/2015 until 01/04/2016 and Otorhinolaryngology from 04/01/2016 up to 10/01/2016.

During my six years of Residency I participated in 1759 operations either as a Surgeon or as First or Second Assistant in almost all fields of General Surgery Among others Breast cancer and Surgical Oncology, Colorectal, Advanced Laparoscopic Bariatric and Metabolic Surgery, Foregut Surgery Unit, Hepato-Biliary-Pancreatic Surgery and Endocrine Surgery.
